

This listing of claims will replace all prior versions and listing of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A carrying case comprising, in combination:

a case having a rectangular parallelepiped shape, with a top side, a bottom side, first and second spaced end sides, and first and second spaced lateral sides;

a flexible fabric sleeve in the form of a pocket comprising both said first lateral side and said bottom side;

an L shaped, generally rigid board member ~~covered by~~ inserted into said fabric sleeve and comprising, at least, in part said first lateral side and said bottom side as a generally rigid form, said board member having an inside and outside;

fabric forming the remaining sides of said case;

a support foot fastened to the bottom side of said board member;

a telescoping handle extending vertically from the bottom side and fastened to the inside of the board member; and

an L shaped forming bracket on the outside of the board member affixed to the board member on the first lateral side and to the bottom side to maintain the L shape of said board member inserted in the sleeve.

2. (Original) The case of Claim 1 further including first and second spaced wheels mounted to the board member at the juncture of the lateral side and bottom side.

3. (Original) The case of Claim 2 wherein the second lateral side comprises a panel flexibly attached to the bottom side and detachable from the end sides and top side for access to the interior of the case.
4. (Original) The case of Claim 2 wherein the board member includes precut slots to receive wheel housings, said slots located adjacent the juncture of the first lateral side and the bottom side.
5. (Original) The case of Claim 1 wherein the forming bracket comprises an outside rigid, L cross section bracket attached to the board member and maintaining the board member in a L cross sectional shape.
6. (Original) The case of Claim 5 wherein the forming bracket includes a first leg attached to the first lateral side and a second leg attached to the bottom side.
7. (Original) The case of Claim 2 wherein the interior of the case is divided into multiple compartments; with a center compartment open at the top side for receipt and storage of a personal computer.
